

Why and how do I sign in?

On and off campus, signing in to *Novanet Discovery* enables you to locate more full text from a broader range of library resources. The CBU Library subscribes to databases that need to recognize you as a registered student or faculty member before allowing you to search and retrieve certain materials.

For more information regarding the benefits of signing into *Novanet*, see question 6 (page 2) of the *Novanet* FAQ.
